RAISING THE BAR

Sheraton New Orleans | New Orleans, LA

Concept: The Speed Networking and Corporate Connections Program is one of the HNBA/VIA's signature professional and business development initiatives. To advance our mission to enrich and diversify the legal profession, the Program is designed to promote meaningful business relationships between America's leading corporate law departments, as well as federal agencies, and Hispanic legal professionals.

Description: This focused and intimate networking opportunity allows in-house counsel and government agencies with hiring authority to identify outside counsel in practice areas where the legal department has an identified need. The Program also serves as a time and cost-effective recruiting tool for internal placement opportunities.

Format: The first hour consists of one-on-one meetings (15 minutes each) between legal departments and their selected participants. The second hour consists of a networking reception that is open to all Program participants.

Eligibility: Please complete the applicable questionnaire (for either corporate law department or government agency). HNBA/VIA will grant you access to a user-friendly electronic file containing applicants' employment information and individual resumes for your review. At that time, HNBA/VIA will also provide you with a form to identify up to four applicants for your one-on-one meetings.

Disclaimer: Corporate law departments/employers are solely responsible for all selection decisions. HNBA/VIA cannot and does not guarantee that participating attorneys or firms will be selected or otherwise engaged by the participating companies and/or government agencies.
